Dear Pres,

I want to thank you for the work that you and members of the Energy Policy Task Force have done, and are doing. I also want to reiterate the value of your mission. While the Energy Efficiency Committee will focus on the "low hanging fruit," that is, the most immediately achievable steps toward efficiency, your group's highest value will be in helping us shape the bigger picture, broader, longer term energy policies. Again, thank you for your work. All of us truly appreciate it.

Sincerely,

Oliver M. Thomas, Jr.
Chair, Utility Committee
